Aches

of some kind are the heritage of nearly every one, from the infant and the colic, the middle aged and the distressing, miserable headaches, to the aged with nervous, muscular and rheumatic pains.

A remedy to relieve in all cases must be founded on the right principle, and that accounts for the wonderful success of

Dr. Miles' Anti-Pain Pills

They never fail to cure all cases of pain, because they treat the Pain Source—the nerves. By soothing the irritated nerves they lessen the tension, build up the strength, set the blood coursing through the veins, and thus allay all pain.

"Periodic headache, that unfitted me for business several days at a time, has been my life experience. I found first relief in Dr. Miles' Anti-Pain Pills and since then I invariably ward them off by taking a pill when I feel them coming on."

E. M. MOOBERRY,
